# The Elba Clipper

"COMPLETE NEWS COVERAGE OF COFFEE COUNTY"

\$ 2.00  
Per Year

VOLUME 56

ELBA, ALABAMA, THURSDAY, AUGUST 7, 1952

NUMBER 10

## PUMPKIN STILL GROWING

The pumpkin vine in my yard is still growing. In fact it has spread out about ten feet since the measurements were given in The Clipper last week. It now measures over 60 feet in length and shows no signs of stopping growing. Quite a number of persons called at my home in Wees, Elba last week and all agree it is the most prolific pumpkin growth they ever saw.

## SMALL PACKAGE

Size has nothing to do with being "big," Bobby Shantz, the big little man with the Philadelphia Athletics baseball club proves it. He is a top pitcher in the major leagues. He has won 19 games. No one else is near his record.

At the beginning of the season, people looked out at the mound and couldn't believe what they saw. "He can't be that little," they said.

The Philadelphia management had a measuring and weighing exhibition. Shantz, master of big league hitters, is five feet 6 1/2 inches tall and weighs 133 lbs.

Baseball scouts in the bushes look for big fellows. They ignore the little men. "You can't win with a runt," is their motto.

Shantz taught them a lesson. Pitching for sixth place club, one of the weakest in the league, he is winning continuously.

"I don't know how big you are," he said. "It's what you got on the ball."

Guess that puts it up to the rest of us, big and little. Guess it means we better forget the excuses, blaming bad luck, the wire, the boss, the weather, and get some stuff on the ball.

## FLOOD WAS MARCH 14-15

William Franklin, Glenwood, writes asking the date of Elba's great flood. I will never forget that date. The flood waters began spreading over the town on Thursday morning, March 14, 1925, and reached the crest about 4 o'clock Friday morning, March 15. It reached a depth of 10 to 12 feet on the square. So far as known, no comparable flood had ever come down the Pea River.

To prevent a recurrence of the damage done by flood waters, a dike was erected on the river.

## BEN BRUNSON, TRUE FRIEND

In the death of Ben S. Brunson, many residents of this community feel they have lost a true friend. He was a great optimist and looked on the bright side of things. He helped many people who needed assistance without seeking publicity and he will be greatly missed.

Two things of which he was especially proud were his fish ponds—one at his home in the Brunson quarters and the other adjacent to Evergreen cemetery. He opened the latter to the public only recently.

A said feature of his last days was the vandalism which occurred at his fish pond recently. Only last Thursday he asked me to announce in The Clipper that he would have to close his fish pond to the public because vandals had destroyed much of his property there. They had torn up his tables, a building, and shot holes in his boat. It is hard to understand why any one could be so inconsiderate.

The genial Ben was mingling with his friends about town Saturday and seemed to be in his usual health. It was a great shock to the whole community when his sudden death was announced.

## NEW WELL READY

The new well and pump to the city water works are only awaiting the arrival of an expert to get started, city officials announced Monday. Pumping is expected to get started Thursday or Friday.

The well has been ready for some time and the pumping plant has been completed. The well is 16 inches in diameter and the pump guaranteed to furnish not less than 500 gallons of water per minute.

Except for emergencies, the old pumping plant will not be used. The new plant has a much greater capacity than the old and officials feel operation on both would be needless expense.

It has been suggested that a swimming pool and recreation center be installed at the old site or on city property near the old plant.

## ONE MARRIAGE LICENSE

Marriage licenses issued at the Elba probate office are still lagging. The only one issued since last week was for Erwin A. Frezza, 23, Enterprise and Vera Mae Montes, 29, also of Enterprise.

## REPORTS VERIFY OBJECTS IN SKY

Two more reports of strange objects in the sky on Tuesday night, July 29, were reported to The Clipper this week.

Mr. & Mrs. Roy King were on their way home from Opp with a carload of friends when they sighted a brilliant object in the sky near Curtis. They drove on to a country road in an effort to get nearer the object but did not approach it because the thing either went out or took off.

Roy, who saw plenty of flares in the service, said the object might have been a flare but he wouldn't swear to it.

An indirect report of more objects in the sky near Wise's Mill has also been received.

## CHARTER NIGHT SET BY JAYCEES

A charter night banquet for the Elba Junior Chamber of Commerce was set for Sept. 2 at the high school lunch room when the club held its regular meeting Tuesday night at the Masonic Hall.

The Eastern Star chapter provides the meals for the Jaycees and for the first time served the meal out of their own kitchen. Furnishing a place in the Masonic Hall to serve meals has been an Eastern Star project.

Willard Martin reported on the financial outcome of the Loy McCormick concert and profits from the soft drink concession at the softball game.

The club authorized officers to try to arrange another Loy McCormick concert on a Saturday night in September or October. If the thing is scheduled in September, it will be in the stadium. The gym will be used if an October date is received.

Guests of the club were Doug Harper and J. Doug Kendrick. Committee for arranging the charter night festivities is Bill Taylor, Bill Bruce and Willard Martin.

New members welcomed into the organization were Donnie Deane and Frank Perdue.

A noticeable feature is the absence of alphabetical classification. Under the new law all passenger vehicles, from Model T to the expensive machine, vary the same class tag. Price of all passenger car tags is \$3.00.

Truck tags will be the same as last year with exception of the change in color.

To date the probate office has sold 2450 passenger car tags and 985 for trucks. This sets a new record for the number of license tags in the county. Harold English, deputy probate clerk, said. Each year for the past five years, more car tags have been sold than in the previous 12 months.

For 1953, 2900 passenger car tags were shipped to the probate office in comparison with 2610 for 1952. In all 4195 sets of tags are on hand. Of these 1110 are for trucks, 2600 for cars and the balance for ambulances, trailers, taxis and motorcycles.

The new tags will go on sale on Oct. 1.

## Softball Playoffs Go Into Rubber Game as Independents Win

The playoff for the championship of the Elba softball league was tied up Monday night when the Independents handed the High School boys a stinging 8-3 shelling.

Eddie Addison, on the mound for the Independents, was in good form and kept the High School batters well in check. He was well-supported in the field while the school boys were not up to their usual good fielding.

The High School team made it necessary for the Independents to win Monday night when they won the first playoff game last Thursday in a ten-inning game.

The two teams are quite evenly matched and it is likely that the one which gets the breaks will carry off top honors. Addison for the Independents and Wise for the High School have the best pitching records in the league.

## DRAFTED

List of registrants forwarded to the Elba probate office by the local draft board No. 16 were: Artes Rodgers, Rt. 1, Sam Houston; Tom Howard Snellgrove, Rt. 1, Evergreen; Marion Brunson, Elba; Bishop Fleming Jr., Enterprise; Jimmie August Scott, Elba; Edgar Eugene Whigham, Enterprise; Thomas Wendell Towles, Rt. 5, Elba; Charles Ed. Daley, Dalrymple, Rt. 1, Enterprise.

Transferred for induction was Walter Jack Salley, Rt. 1, Elba.

Transferred for induction was Walter Jack Salley, Rt. 1, Elba.

## Travelling Salesman Says Elba Could Have Prettiest Court Square

Fred Scott, a travelling salesman, writes a card expressing his wish that the Elba court house yard would be beautified. He said he passes through Elba frequently and wonders if our citizens realize how ugly the square is compared to what it might be. He said we could have one of the prettiest and most attractive court yards in Southeast Alabama and urged The Clipper to boost a beautification program.

The Clipper heartily endorses such a movement. We have shown Mr. Scott's card to a number of Elba citizens and they all agree that a beautification program is desirable and hope one will be launched, the sooner the better.

When the courthouse was redecorated outside several months ago, promises were made that the yard would be beautified as rapidly as possible and slight steps in that direction did materialize. But they came to a halt and nothing further has been accomplished.

Mr. Scott's reminder should cause Elba citizens to realize how ugly the courtyard really is and what a bad impression it makes on visitors. It certainly is not in keeping with other improvements made around the square. What is going to be done about it?

Mr. Scott suggests some city officials should plan a part of their program in the coming election.

## PROBATE OFFICE HAS CAR TAGS

New automobile tags for 1953 have arrived at the Elba probate office. Colors are reversed from last year, with blue-black lettering on a white background.

A noticeable feature is the absence of alphabetical classification. Under the new law all passenger vehicles, from Model T to the expensive machine, vary the same class tag. Price of all passenger car tags is \$3.00.

Truck tags will be the same as last year with exception of the change in color. To date the probate office has sold 2450 passenger car tags and 985 for trucks. This sets a new record for the number of license tags in the county.

Harold English, deputy probate clerk, said. Each year for the past five years, more car tags have been sold than in the previous 12 months.

For 1953, 2900 passenger car tags were shipped to the probate office in comparison with 2610 for 1952. In all 4195 sets of tags are on hand. Of these 1110 are for trucks, 2600 for cars and the balance for ambulances, trailers, taxis and motorcycles.

The new tags will go on sale on Oct. 1.

## Softball Playoffs Go Into Rubber Game as Independents Win

The playoff for the championship of the Elba softball league was tied up Monday night when the Independents handed the High School boys a stinging 8-3 shelling.

Eddie Addison, on the mound for the Independents, was in good form and kept the High School batters well in check. He was well-supported in the field while the school boys were not up to their usual good fielding.

The High School team made it necessary for the Independents to win Monday night when they won the first playoff game last Thursday in a ten-inning game.

## ABOUT TIME IS RIGHT!

## 37 Years Ago in Elba

By C. B. McDowell

Wednesday morning N. H. Humphill, W. J. Donaldson and G. P. Potter went to the home of W. T. Walling near Kingston to arrest and handcuff him on some charge carrying with them their pistols. When they attempted to arrest Mr. Walling, general difficulty ensued in which several shots were fired. Mr. Walling, his wife and two children got the best of the fray, taking the pistols away from two of the men and causing them to leave the premises in great haste. Mr. Humphill was slightly wounded. Previous to this occurrence Messrs. Humphill and McKee had attempted to arrest Mr. Walling but failed to do so, secured a warrant from Justice W. J. Donaldson, and charged Walling with resisting arrest. Donaldson, Humphill and Potter all went armed to force Walling to submit to them. Mr. Humphill is constable and Mr. Donaldson is justice of the peace in Elba.

—37 Years Ago—  
A deal has been closed this week whereby Walter J. Whitman became the owner and the manager of the City Drug Company in Elba. Mr. Whitman is an experienced druggist, having been connected with local drug firms for several years. He is a general business man and great success is predicted for him.

—37 Years Ago—  
Dana B. Perdue has this week purchased the interest of Gus W. Owen in the grocery store of Owen & Perdue and will continue the business in his own name. He has had much experience in the grocery business. The store will be continued at the same stand for the present, but will be moved into one of the Wilder buildings as soon as they become ready for occupancy.

—37 Years Ago—  
The marriage of L. J. Polson of Clintonville to Miss India Ann Barnard of Arion was performed Thursday afternoon at the Baptist Church in Ozark while Rev. M. L. Harris officiating. Rev. Polson is a prosperous young farmer of Clintonville and Miss Barnard is one of Arion's most popular young ladies.

—37 Years Ago—  
The Coffee County Baptist Sunday School convention in session in Elba Thursday and Friday was one of the best ever held in the county. As a result of the splendid work of President T. H. Hildreth and his helpers, this county retains its "Gold Star" standard. The following officers were elected: G. T. Hildreth, president; Y. W. Rainier, secretary-treasurer.

—37 Years Ago—  
A large body of Elba people left Saturday afternoon for David, Fla where they will spend several days. The trip was made in autos. Those in the party were Mr. & Mrs. W. O. Vaughn.

—37 Years Ago—  
Mrs. Ruby Belcher died Aug. 3 at her home in Victoria community following an illness of nine months. She was born in Pike county and was a member of Woodland Grove church.

Surviving are the husband, Ed Belcher; five daughters, Mrs. Fletcher Willis, Mrs. J. Nolin, Mrs. L. E. Hughes, Mrs. Shelby Strickland and Mrs. Jennie Lott; two sisters, Mrs. Richard Stewart and Mrs. Daisy Hughes.

Funeral services were held on August 6 at Woodland Grove church. Interment was in Woodland Grove cemetery. Hayes Funeral Home directing.

—37 Years Ago—  
Stokes Haire, who has been attending A.P.I. Auburn and majored in pharmacy, has been notified by the state pharmacist's examining board that he has passed their examination and will be eligible for a pharmacist's certificate as soon as he completes the necessary educational requirements.

## Stokes Haire Has Passed State Board

Stokes Haire, who has been attending A.P.I. Auburn and majored in pharmacy, has been notified by the state pharmacist's examining board that he has passed their examination and will be eligible for a pharmacist's certificate as soon as he completes the necessary educational requirements.

Stokes has been attending A.P.I. for the past two years and expects to complete his work in three weeks. He will then return from scratch last year that went through the state undefeated.

## SHORT COUNCIL SESSION HELD

An early and abbreviated city council meeting was held at the Mayor's office Monday night to allow members to get to the semi-monthly playoff game. Only business that was transacted was payment of bills.

Bills paid were Veterans Auto Parts, \$47.27; Standard Service, \$113.42; Elba Oil, \$103.91; Waru Repair, \$47.75; Taylor's Whisk, \$10; Elba Bldg. & Supply, \$57.30; Wm. Prescott, \$9.75; City Electric & Plumbing, \$250.70; Cannon Motors, \$30.40; Vaughn Furniture, \$15; Elba Mercantile, \$67.35; Lindsey's Grill, \$27.60; (feeding prisoners); Pan Am, \$20.25; W. I. English & Son, \$10; Dorsey Chevrolet, \$23.85; Brooks Electric, \$4.35; Shetler Morrow, \$104.38.

The ruling was requested by The Mobile Press. The newspaper said it was receiving repeated reports that voters were being told that they must vote the Democratic national ticket in November if they participated in Democratic primary voting.

Judge Galliard said that as he sees it, voting in the May primary did not involve either a moral or legal obligation to vote for the Democratic national ticket next November.

## Ginning Records Are Broken as Early Crop Comes In for Working

Manager Jesse Brown of the Elba Gin & Warehouse Co. and Jake Morrow, manager of the Morrow Gin & Peanut Co., said that up to August 1, 25 bales of cotton had been ginned in Elba. This breaks all records for so early in the season, they say.

Generally the first bale is not ginned before August 1. The unusually hot and dry weather in this section this year is causing cotton to open rapidly and many more bales have been ginned in Elba since Aug. 1.

Reports indicate this year's cotton is averaging good quality and is bringing around 10 cents a pound, five cents more than was paid here at the Elba gin by the cotton season in 1950.

Growing crops that the city avenger has not damaged the quality of yield as much as had been feared. Next to Elba, the corn crop is badly damaged and will be very poor in this area. Cotton and beans are expected to be holding up surprisingly well.

## OBITUARIES

MRS. J. W. JOHNSON

Mrs. J. W. Johnson of the Ino community died at her home after a long illness on Thursday, July 31.

Surviving are the widower, three sons, Guy, Roy and Lewis; all of Ino community; three brothers, John K. Lewis, Tommie, Rt. 1, Grady Lewis, Kerrville, Texas and J. C. Lewis, Rt. 1, Jack.

Funeral services were held at the Ino Baptist church, Friday, August 1 at 3 o'clock with Rev. E. A. McGuffin officiating, assisted by Rev. Huey Zidler, Bureau. Mr. Sanders rushed downstairs and called Mr. Owens who was sleeping alone in a room down stairs.

He discovered a blaze in a closet. Thinking he could extinguish the fire, he rushed to the bathroom for a bucket of water and when he returned he found that the flames had spread all over the house. Losses to Mr. Sanders included valuable books, Towles Piersen of Troy was also a heavy loser, having a lot of house furnishings stored in the house.

All the losses are partially covered by insurance. Dykes Rushing, little son of Mr. & Mrs. W. M. Rushing was painfully though not seriously injured Wednesday evening. He was riding a bicycle and attempted to cross the street in front of an automobile driven by A. D. Donaldson when they collided. Dykes was thrown against the front of the car. Three ugly gashes were cut on his left arm and hand. The accident occurred at the north-west corner of the square.

Mr. Donaldson's car was moving very slowly and stopped immediately which prevented more serious accident.

—37 Years Ago—  
Last Wednesday, Cy Jackson, well-known Negro about town, accidentally shot himself with a shotgun, receiving a wound which may prove fatal. Cy was crossing the footlog across Beaver Dam Creek near the old stone mill. Some colored women were on the log and he was trying to shake them off when the log slipped out of his hand. He struck the log crossing it and, for the past two years and except under his right arm. His condition is considered quite serious and his recovery is in doubt.

—37 Years Ago—  
Stokes Haire, who has been attending A.P.I. Auburn and majored in pharmacy, has been notified by the state pharmacist's examining board that he has passed their examination and will be eligible for a pharmacist's certificate as soon as he completes the necessary educational requirements.

Stokes has been attending A.P.I. for the past two years and expects to complete his work in three weeks. He will then return from scratch last year that went through the state undefeated.

## Coach Burgess and Family Leaving Elba

Quinton Burgess, assistant coach, announced this week he will move his family to Pensacola, Fla. around August 15.

Mr. Burgess has accepted a position as furniture and appliance salesman with Whites Furniture Co. Mr. & Mrs. Burgess plan to move their daughter, Beverly, from Mobile to the Baptist hospital in Pensacola. Beverly is suffering from a severe attack of polio and is expected to be hospitalized for some time yet. Mr. & Mrs. Burgess have decided it is advantageous for them to be near their daughter and so they decided on the move.

The people of Elba, especially school patrons, feel that the loss of Coach Burgess will be a severe one. He has proved to be a valuable assistance to Head Coach Frank Buckner. They have built up a football team almost from scratch last year that went through the state undefeated.

## Voters Not Obligated To Support Democrat Slate in November

Walter F. Galliard, Mobile, holds that voters who cast ballots in the May Democratic primary are not obligated to vote for the Democratic national ticket in November. He cited an Alabama Supreme Court decision in support of his opinion.

The ruling was requested by The Mobile Press. The newspaper said it was receiving repeated reports that voters were being told that they must vote the Democratic national ticket in November if they participated in Democratic primary voting.

Judge Galliard said that as he sees it, voting in the May primary did not involve either a moral or legal obligation to vote for the Democratic national ticket next November.

He emphasized, he was not suggesting that Democrats should not support the national ticket but was only setting forth his conclusions as to the voters' rights.

Judge Galliard said Democratic candidates for state and county officers or Democratic officials who expect to run in the future have an obligation to support the party's national ticket. He pointed out, a Democratic candidate was required to take an oath pledging such support.

## Ben S. Brunson Dies of Heart Attack at His Home Sunday, Aug. 3

Ben S. Brunson, life-long resident of Coffee County, died at his home Sunday morning of a heart attack following an illness of three and one-half hours. He was a son of Nan and Mat Brunson, pioneer residents, and was a member of one of the largest and most prominent families in Southeast Alabama.

For many years he had been a promoter of the annual reunion of the Brunson family, an event which attracted many members of the family.

He, his wife and daughters, sponsored such a gathering only three weeks ago when nearly 300 persons attended.

Mr. Brunson was a successful businessman and had amassed one of the largest property holdings of anyone in the county.

A long-time member of the Elba Baptist Church, Mr. Brunson had built a chapel in his rental quarters in the northern part of town for the benefit of that community.

Surviving are his widow, Mrs. Lena Hammonds Brunson; a son, Guy Brunson, New Brockton; a daughter, Miss Theresa Brunson, Elba; a brother, Mose Brunson, Florida; two sisters, Mrs. Kate McKinnon, Pensacola, Fla. and Mrs. Lily Grant, Atlanta, Ga.

Funeral services were held on Monday afternoon at the Elba Baptist Church conducted by Rev. M. L. Seay.

Palbearers were Ellie Brunson, A. C. Brunson, J. B. Rowe, Braxton Rowe, Tarver Rowe and Forrest Brunson.

Interment was in Evergreen cemetery. Hayes Funeral Home directing.

—37 Years Ago—  
Stokes Haire, who has been attending A.P.I. Auburn and majored in pharmacy, has been notified by the state pharmacist's examining board that he has passed their examination and will be eligible for a pharmacist's certificate as soon as he completes the necessary educational requirements.

**West Coffee County Soil Conservation**  
N. B. Yancy of Kingston, Rt. 1, has a six-acre field of sorghum and high priced grain. Mr. Yancy says this sorghum field has saved him from feeding his hogs to increase his sorghum acreage next year.  
The flood caused two large gulches to be washed out on Mr. Yancy's farm. These gulches have each rain, becoming larger and larger. Mr. Yancy observed a plant called kudzu that made rapid growth and held the soil in place. Kudzu grows very thick around the edge of these gulches. Today the reason has been checked and is being covered up with vines and leaves. The soil is catching up and this once erosion problem is being solved.  
The extremely dry weather has caused grazing to be reduced considerably. However there are some pastures that have continued to furnish grazing in the dry period. Observing these pastures we find well-fertilized and moved pastures suffer less from the drought. Sorghum, bahia grass and kudzu are our best drought-resistant summer grazing plants. One or more of these plants should be in every grazing system.

**Farm Bureau Elects Ira Allen President**  
Ira Allen was elected for his third consecutive term as Farm Bureau president when the Coffee County group met at New Brockton July 25. The program featured election of officers, selection of Miss Henrietta Pouncey of Daleville, Rt. 1, as Maid of Cotton, a concert by a Camp Rucker band and talk by J. D. Hayes, first vice president of the Ala Farm Bureau from Guntersville. His talk was about the "Personal Practices of Freedom." In the Maid of Cotton contest Miss Pouncey received a \$40 cash prize. She is the daughter of Mrs. J. B. Pouncey and the late Mr. Pouncey. Second and third places were taken by Misses Janice Richardson, Kingston; Ramona McGilvary, Enterprise. Others entered were Misses Dora Carmichael and Fay Andrews, Enterprise; Ann Armour, New Brockton; Mary Ellen Pinckard, New Brockton; and Ruby Nell Wilkes, Elba.

Re-elected with Ira Allen were Dallas Wise, Elba, Rt. 3, vice president; Mrs. Una Edwards, secretary. Mr. and Mrs. James Tindol were elected sons leader and assistant respectively.  
The following beat director were elected: Beat 1, Bob Perry; Beat 2, S. S. Jacobs; Beat 3, Charlie Martin; Beat 4, Ed Boyan; Beat 5, Albert Dyess; Beat 6, J. B. Spurr; Beat 7, L. E. Smith; Beat 8, M. **Camp Rucker Beats Elba Softball Team**  
One of the best games of softball seen on the local field this season was played last Wednesday night when the artillery unit from Camp Rucker defeated the Elba All-Star club 9-0. The soldiers had a super pitcher who baffled the home boys and held them to a single safety. It was a hunt beaten out by fast running. Ten Elba batmen were retired by the streakout route. Addition for the All-Stars was in good form and held the soldiers in check all the way except for one inning when a muffed fly to center field paved the way for three scores. Good hitting and fine pitching furnished plenty of entertainment.  
**YRUS W. CRUMPLER**  
Opl. Yrus W. Crumpler, son of Mr. and Mrs. E. L. Crumpler of Route 2, Enterprise was a member of Gen. Mark Clark's honor guard recently when the 1st Cavalry Division of the 1st Cavalry Division of Hokkaido.  
The general visited the combat-tested division while it was engaged in a large-scale field training maneuver on Hokkaido, Japan's northernmost island.  
Crumpler, a combat sergeant in the 8th Cavalry Regiment's Company, was in Japan in January, 1951 and has been in Korea for five months. He is entitled to the Combat Infantryman Badge.  
**FAIRVIEW**  
Mr. and Mrs. James Wise and boys of Ino spent Thursday evening with Mr. and Mrs. J. Sessions.  
Mr. and Mrs. R. S. Mock and children were supper guests of Mr. and Mrs. W. L. Mock of Damascus.  
Mr. and Mrs. John A. Sessions, Mr. and Mrs. Pleasant, spent Sunday with Mrs. Julia Sessions and Mr. and Mrs. B. F. Bowdoin.  
Mr. and Mrs. Grady Anderson and children visited Mr. and Mrs. J. Sessions Friday afternoon.  
Attending revival services at Ino Tuesday night were Mrs. Michael Stephenson, Edlow Harrison and Mr. and Mrs. L. T. Howell.  
—37 Years Ago—  
The day's third misfortune occurred when Clarence Walker and Miss Belle Walker were seriously injured that afternoon a few miles below town when the auto they were driving became unmanageable, turning the buggy over on top of the occupants.

**100 Coffee County 4-H Members Enjoy Trip To Grandview in July**  
One hundred Coffee County 4-H Club members, bus drivers, nurses, life guards and their family agents spent three days at Camp Grandview near Montponery, July 26-28.  
An educational as well as regular camp activities were enjoyed. Recreation included a rowing, bicycling, table tennis and games to music.  
Paul Donaldson and Mr. McGilvary, Ala. Power representatives, gave an electrical demonstration. Handicraft included the making of plastic bracelets, mats and rope ballers.  
Attending from Fairview was June Reever, Goodhue, Sheraz McCall, Barbara Ann Perri, Bobbie Lee Jones, Sylvia Jones, Martha Walls, Ronald Allen, Glenda Allen, Sue Gleason, Jane Lockier, Joel Williams, Gerardo Farris, Jerry Miller, Ralph Sims, Rev. Andrew, Jerry Roger, McWaters, Wayne Bowden, Harold Jones.  
Zion Chapel, Catherine Smart, Kenneth Johnson, Jerry Brown, Sonny Brown, Damascus, Jean Jacobs, Carolyn Hudson, Jarroth Farris, Bobby Joe McDaniel, Billy Kelley, Raymond Danford, Bobby Roy Hataway, Dawson Farris, Joe Ed Donaldson, James Ernest Farris.  
Curtis Mary Ann Cowen, Dollie Jacobs, Dianne Kirlan, Christine Wilson, Sue Wilson, Jacobs, Donaldson, Mary Esther Jacobs, Boots Jacobs, Frank Donaldson, Jimmie Donaldson, James Grimes, Fred Daniels, Ronald Cowen, Fred Daniels, Billy King, Dan Cowen, Ronald Cowen.  
Enterprise, Harold Martin, Mr. Pleasant, Bonnie Mae Bradley, Mary Ezzell, Jane Jones, Delores Ann, Gaston Green, Billy Joe Davis, Leon C. Byrd, Guy Albert Byrd, Wayne Lee Herring, Billy Bruce, Lloyd Arnold, Heims Bruce, Elba Jerry Spauldine, Hope, Janette Reardon, Nan Rae Wilson, Melinda Wilson, Martha Fica Wilson, Martha Elizabeth Wilson, Betsy Ann Wilson, Manuel Chancery, Chas. Mobley, Wm. Shubert, Chas. Wilson, David Tommie Johnston.  
Tabernacle, Janice Parker, L. L. Liddman, Joe Mike Polson, Pine Level, Nellie Capps, Henry D. Clark, Ronald, Bane, Ralph Cooper, Kingston, Josephine Spurlock, Annie Nevin, Janet Pierce, Allen Blackstock, Cecil Patterson, Bob Wise, John Lewis Leonard, Cecil Hank, Basin, Peggy Joe Moore, Mabel Marler, Victoria William J. Davis.  
Mrs. Essie Ficus was nurse, B. M. Johnston, life guard and four extension workers.  
**McDowell Family Enjoys Journey**  
Mr. and Mrs. C. B. McDowell, Mrs. George F. Call of Elba, D. Texas, Mr. Howard McClellan and son, James of Monticello, Fla. and Mrs. Mary M. Newton returned Sunday evening from a visit with Dr. and Mrs. D. F. McDowell at La Grange, Ga.  
A number of interesting spots were visited, among which was the famous Cyclorama at Grant Park and the Fox theatre. The theatre, largest in the South, seats 4500 people. The Pop concert, sponsored by the Fox management, Coleman's orchestra and several civic organizations, is free. The doors opened at 1 o'clock and one huge theatre was filled to capacity within a few minutes. It was a high class production.  
The Cyclorama is a realistic depiction of the Battle of Atlanta and the artists painted so expertly that it is impossible to tell where the painting leaves off and the surrounding scenes begin. It is said to be one of the greatest optical illusions in the world. Many Elbas have seen this interesting historical masterpiece.  
Mrs. George F. Call of Port Isabel, Texas and Mrs. Howard McClellan and son of Monticello, Fla. arrived last Thursday evening for a visit with Mrs. Call's brother, C. B. McDowell and Mrs. McClellan's parents, Mr. & Mrs. McDowell.  
**TURN ABOUT**  
Edward Addison, the Independent team's star pitcher took two healthy swipes at the ball in the Rucker-Elba game last Wednesday and connected with nothing more substantial than the atmosphere. On his third trip to the plate, Frank Buckner put him out on a called strike. Addison said, "Mr. Buckner, you missed that one." Umpire Buckner said, "I had a right to miss one, you missed two."  
**FISH STORY**  
Pete Lightner is making a strong bid for story-telling honors. He told this one Tuesday to Jordan Lindsey:  
He said he and a companion were fishing close together when they noticed both of their corks were nodding. While debating whether to jerk both corks under and when they were pulled up, the fishermen found that a large fish had swallowed both corks. Pete said he claimed and got the fish because his cork nodded first.  
Mr. Lindsey stated what was hard for him to believe was that two fishermen, when their corks were pulled up, found that a large fish had swallowed both corks. Pete said he claimed and got the fish because his cork nodded first.

OPP-ELBA HIGHWAY

### "Million Dollar Rain" Helps Crop Outlook

This section was drenched on Tuesday evening by a heavy rain that brought two or more inches of moisture. It was the heaviest rainfall here for several weeks and was gladly received, although it came too late to do much good for the parched corn crop, the rain was of great benefit to the peanut crop, pastures and other vegetation.

In commenting on the rain, Drayton Smith said it was worth at least a million and a half dollars to Coffee County. Other farmers have expressed similar opinions.

The first days of August have been similar to the record-breaking heat readings of June and July. It was reported that Tuesday's rain was quite general in Southeast Alabama.

### Commissioners Okay Elba-New Hope Work

Paving of a two to three mile Elba-New Hope road and bridge construction in the northeast district was approved at a commissioners meeting July 28 in Elba.

The cost is estimated at about \$5000 and will be covered by remaining federal grants to the county for the current year.

A delegation interested in the new Brockton-Damascus farm road presented their case. Cost was estimated at \$8,000 by Leslie E. Mullins.

Temporary appointment of Fred Lee as acting county engineer was approved. Mullins resigned effective August 1.

### Negro Held Without Bail on Murder Charge

James Patterson, Negro, is being held in the Coffee County jail charged with the fatal shooting of another colored man, Walter Cole.

At a preliminary hearing before Justice W. H. Haile, the evidence showed that Patterson shot Cole at a house near the Yelverton school where several Negroes were gathered discussing a basketball game.

Testimony indicated Patterson shot Cole at close range with a shotgun.

Justice Haile bound Patterson over to the grand jury without bail. The grand jury will be in session in Elba, Monday, Aug. 18.

### Ed Donaldson Is Top Insurance Salesman

During a recent contest sponsored by the Farm Bureau Insurance Co. the local agent, Ed Donaldson, led the state of Alabama in life insurance sales. He won first prize in the contest.

Mr. Donaldson more than doubled the amount of sales that would have been necessary for him to win top place.

Prizes were presented to leading insurance agents in ceremonies held at the Farm Bureau training school in Auburn last week.

### VICTORIA CEMETERY

Friends and relatives of Victoria cemetery recently installed a new fence around the cemetery.

W. B. Thomas, S. M. Hendrix, C. R. Wise were given the responsibility of buying materials. The entire community gathered to install the fence.

Expenses included 10 rolls of wire at \$25 per roll—\$250; 125 steel posts at \$1 each—\$125; 2 double gates at \$20 each—\$40; staples, 31 and 42 cent—\$60. Total expenses were \$445.65 and balance on hand in the cemetery fund was reported as \$49.35.

### About People and Things

By C. B. McDowell

BAD GUESS ENJOYED—When I saw the same Cam Rucker pitcher take his place on the mound Monday night, who had been in the All-Stars two weeks ago, I made the prediction that the locals were in for another slaughter. When the All-Stars jumped into an early lead and continued to do it, I was the butt of much good-natured taunting from even my best friends. My guess was all wet and I was glad of it. No one present enjoyed my failure as a prognosticator more than I did.

"HUMIDITY" HURTS—In commenting on the extremely hot weather of the past few days, Levy Polley remarked: "It's not the heat so much—it's the humidity that hurts."

NEW WAY TO CATCH FISH—C. Y. Martin says he has caught many kinds of fish in various ways, but recently employed a method new even to him.

Mr. Martin said he was wading in Beaver Dam creek in his pasture west of town in short cut trousers legs when something ran up his pants leg. He thought it was a snake and grabbed hold, squeezing with all his might. It proved to be a large bream instead of a snake.

He said the fish was one of the coldest things he ever felt and hopes he will never have to resort to catching any more fish in such a manner.

SETTIN' OF FRIED EGGS—Kline Bentley reports that a party of local fishermen left in the wee small hours recently on a fishing trip to Florida. They stopped at a cafe in Marianna and ordered breakfast.

The waitress took the orders from all other members of the party except Dick Dorman who sat gazing straight ahead and saying nothing. She passed him up for the time being but came back for his order. Still not a word from the graver.

Charles Hayes took matters in hand by telling the waitress, "Bring him a whole lot of eggs."

SAVING MOTHER—John H. Fick tells an amusing bit of conversation that occurred in his home. He said he got out the bank statement and started figuring on the balance, examining cancelled checks, etc.

His four-year-old son, Tony, warned his mother, "Mama, you are going to get into trouble."

SHOWERS HELP—Several showers have fallen in this area during the past week. I. A. Maddox, in commenting on the rains, said the heaviest rain in three years fell at his place on Smith Ave. Wednesday evening. He said he knew it was the heaviest because it was the first time water had run over the fill in front of his place since it was built three years ago.

Mr. Maddox said the recent rains will be of great benefit to the peanut crop and of some help to the cotton.

Dry weather caused the first crop of peanuts to be light but now a new crop will set on and with favorable weather will produce heavily.

Mr. Maddox also said he has prospects for a bumper cotton crop.

CHARLES ELLIS KILLED—R. B. Borders, reports that his nephew, Charles Ellis, was recently fatally stabbed while at work in a glass factory in Indiana.

Mr. Borders said Ellis was replacing one of his fellow workers whose life had been threatened. The slayer came up behind Ellis, according to Mr. Borders, and stabbed him in the back.

When Ellis turned to face the slayer, the man exclaimed, "I have killed the wrong man."

Ellis was a son of Mr. & Mrs. Macon Ellis and was raised in Pine Level community near Montgomery.

A marriage license was issued to Alto E. Anderson, 72, Hartford, and Mrs. Ira Mae Jones, Geneva.

THOUSANDS OF TEXTBOOKS—With the help of two boys, Miss Eumora Farris, Coffee County supervisor, spent Monday day and Tuesday in opening and stamping 4,752 textbooks which will be distributed among the schools of the county, covering the first five grades. Text stamp reads, "State Textbook Purchasing Board. This book is the property of the State of Alabama, assigned to Coffee County, Alabama, Aug. 52."

Mr. Lampley was once employed by the Alabama Highway Dept. and came well-recommended by business men and sloners met at the courthouse Monday morning.

Edward L. Blue will be graduated from the Bryant College of Business Administration in Providence, R. I. at its 80th commencement to be held on Friday, Aug. 8. Blue will receive the degree of Bachelor of Science in Accounting from the school of accounting and finance.

He is the son of Mr. & Mrs. G. Blue. While in school he was the director of the Accounting Club of the school.

He attended high school in Elba.

County Engineer Is Appointed Monday

The first ballot of the season was received on Wednesday morning and was sold for the record-breaking price of 25 cents per pound. The ballot was produced by W. C. Carlett on a piece belonging to Ham & Johnson a few miles above town. It weighed 343 pounds, netting Mr. Carlett \$78.80. It was given at the Taylor gin in West

Money Borrowed by Commissioners for County Road Projects

To avoid losing federal and state funds allocated for this year, Coffee County commissioners voted to borrow from local banks to finance emergency construction and paving, when they met in Elba last week.

Brigades are to be built on two stretches of road. One two and one-half mile stretch runs from New Hope to Elba on the Elba-Victoria road. The other two mile section runs from Snell-grove gin easterly to the Rocky Head-New Brockton road at Bernabe. Maximum cost is estimated at \$25,000.

### Bob Folsom Announces Candidacy

Interest in Elba's Sept. 10 municipal election mounted this week as Bob Folsom announced he was running for mayor and two men came out for council.

Bill Bruce, partner in Veterans Cleaners, came out against Dr. C. P. Hayes for councilman at-large. Chick Sellers filed against Sam Bean Young in the other contest.

Other persons who have been prominently mentioned as likely candidates would not commit themselves to the race when elected Wednesday.

PMA Elections Set for September 9

PMA committee will be elected in Coffee County on Sept. 9 instead of in December as has been the custom in the past, the New Brockton PMA office announced Tuesday.

This year the ACP will stress carrying out the most needed conservation practice on each farm.

The elected committee is supposed to contact each farmer operator in his district and tell him of the financial assistance available from the PMA.

Proctor and committee decide what practice is most needed and the farm will be approved for the average planned to implement.

Every farm operator, share cropper or tenant is eligible to vote in the committee election.

Sept. 9 providing he has an interest in his marketing quota or has an interest in cotton or has carried out a soil building practice in 1952.

Selected community committee assist the county commission in setting up average allotments and in determining the average planned to implement.

Every farm operator, share cropper or tenant is eligible to vote in the committee election.
